

# Access Final Accounts

Release Update

2021.03.01

Version 2021.03.01 released 6 November 2021.

To take full advantage of updates to the Client Sync process across HandiSoft and our cloud products, you must install HandiSoft Desktop V2.00 when it's released on Tuesday 9th November.

- Final Accounts now checks for duplicate ABN numbers and prevents users from creating duplicates.
- The ABN field is now synchronised across integrated applications.
- Added ABN division field on the entity details screen.
- Improved entity address handling.
  - Removed 3<sup>rd</sup> address line field
  - Address details are now in line with other integrated applications.
