EVERYTHING YOU NEED IN ONE PLACE

Access Construction software has two core products written for the construction industry – ConQuest Estimating and EasyBuild ERP Software.

Bought alone or as an integrated package, we create the right solution for your company which can scale as you grow.

A MODERN SOLUTION TO TODAY'S CHALLENGES

Access Construction software addresses the challenges of project visibility, cost control and accuracy across your construction sites.

Designed specifically to meet the needs of the building sector, our two core products - EasyBuild ERP and ConQuest Estimating – are guaranteed to make life a lot easier for your people and your business.

EASYBUILD ERP AT A GLANCE

A comprehensive enterprise resource planning solution that ensures construction companies operate more efficiently with greater visibility and tighter cost control.

- Keep your works on track across multiple sites
- Manage your employee and contractor hours, payroll and training
- Monitor location and cost of materials and plant
- Total visibility and control of all your financial information
- Answer questions from your people, suppliers and clients quickly

CONQUEST ESTIMATING AT A GLANCE

Construction management software for accurate contract estimates, clear visibility and control of costs, and the flexibility to respond to change quickly.

- Build and manage an accurate Bill of Quantities
- 2D and 3D on-screen take-off
- Library of over 10 million cost items
- Easy quote comparisons and cost planning
- A clear view of all estimates and valuations

TALK TO US

Access Construction adds up to a full service, end to end solution that will give you clear visibility of your projects start to finish, control your costs and accurately estimate.
